Subject: Farmer's Market at Rivers Landing  
Meeting (if known):

Comments: As a weekly user of the Saskatoon Farmer's Market at Rivers Landing, I would like to see it remain strictly a farmer's market and not be a public market. I go to the Farmer's Market to support our local farmers and local economy. I am able to purchase flavourful, nutritious food that is miles ahead of anything I find at the grocery store. I appreciate the friendliness and welcoming atmosphere including vendors who go out of their way to get to know my name, have a conversation with me and know what kinds of foods I like to purchase. I can find items there that I may not be able to get at a local grocers. I also enjoy the Farmer's Market as a place to socialize, mainly because of the unique, hospitable atmosphere and the fact that it is not "commercialized". Making it into a public market or a part public and part local Farmer's Market would really detract from what draws me to the market in the first place.
