Subject: Proposed changes to the Saskatoon Farmers' Market
Meeting (if known):
Comments:

I am deeply concerned about suggested changes to the Farmers' Market. Many of the current vendors would find it impossible to be available on a daily basis due to inadequate supply and the need to attend to the work of raising the produce on their farms. The community atmosphere at the Market is a valuable part of the experience. Including commercial companies in the site would dilute and contaminate the down-home feeling that pervades now. I hope you will reconsider making changes that could destroy what has been so well developed.
