Comments:

I am writing a brief note to let you know that I am very disappointed on the City's stand regarding the renewal of the Saskatoon Farmers' Market Cooperative lease.

I think that location is very convenient and central for costumers like myself that meet regularly with other people I don't get to visit during the week while at the same time gives me the chance to buy some produces I need. This is a real community hotspot in our city that's much needed in these times of extreme disconnection and lack of unity.

Having local farmers, bakers and artisans at this location seems to me has a very positive impact on our local economy and sending them out of this venue is going to deprive me and my family from this authentic and well managed farmers' market.

I have been living in this wonderful city for over 42 years and this spot is one of my favorite ones. I ask you to give our Saskatoon Farmers' Market the support needed to stay at their location; I'm confident this will help them strive and grow in the future.

Thank you very much!

Bessie Aida Pino
