

GOVERNANCE AND PRIORITIES COMMITTEE

Council Referral - Arts, Culture and Events Venues - Request for Report on Workplace Diversity and Inclusion

Recommendation of the Committee

That the submissions from TCU Place and SaskTel Centre regarding Workplace Diversity and Inclusion be received as information.

History

At its June 18, 2018 meeting, the Governance and Priorities Committee received submissions from TCU Place and SaskTel Centre in response to a resolution of City Council made at its Business Plan and Budget meeting held November 27 and 28, 2017 requesting a report by June 2018 on Board-approved targets for workforce diversity; current workforce diversity figures; and workforce diversity strategy.

The Committee was advised that the Remail Modern intended to submit its report to the September meeting of the Governance and Priorities Committee and resolved that the submissions of TCU Place and SaskTel Centre be received as information and forwarded to City Council. The City Clerk noted that submission of the referenced reports to Council would occur once the report from the Remail was received. To date, the report from the Remail Modern has not been received. The submissions of TCU Place and SaskTel Centre are therefore being submitted to City Council at this time, in accordance with the Committee's instructions and appropriate follow-up with the Remail Modern has been undertaken.
