Comments:  
To whom it may concern,

I would like to voice my opinion about the North East Swale in Saskatoon. It is important to conserve the Swale as well as other areas of natural prairie for the plants and animals that call it home. The plan to be reviewed is outdated and needs to look at other options for Saskatoon's growth like feasible development to the north-west or east of the city. Meewasin should be included in any of the decisions as they are the conservation expert consultants for the city. Thank you.
