Name of the organization or agency you are representing (if applicable)

Subject Saskatoon Farmers' Market Building

Meeting (if known) September 30 - 10.3.1 Farmers' Market Building Update [File No. CK. 600-3 x 205-7]

Comments

*Please note that I wish to speak to this issue, except that this meeting falls on a High Jewish Holiday so I can't be there in person. I hope that City Council will consider letting me speak to this issue the next time this item is addressed due to religious factors.

The Saskatoon Farmers' Market has been at its present location in the core Riversdale neighbourhood for 12 years. The building is easily accessible by car, by transit, and for cyclists and walkers, and it also greatly animates the neighbourhood with access to food, local wares and culture.

I am sending a petition signed by 255 Saskatoon residents in support of the Saskatoon Farmers' Market Co-operative staying at their present location in the core. I am assuming that the City of Saskatoon must have done consultations with Co-operative members and the community, because that is the job of a city planner. Having recently moved from Toronto, a space such as this has so much potential for there to be evening and weekend programming that focuses on community building, food events, cooking classes, art exhibitions, workshops, and so on. If the Saskatoon Farmers' Market currently leaves the downtown core, not only will this contribute to the food desert that already plagues Riversdale, King George and downtown, but it will force people who don't have access to a car to find other ways to buy high quality food.

We are urging the City of Saskatoon to cooperate with the Saskatoon Farmers' Market Cooperative and think outside the box; let's turn this space into a city programming hub that will bolster the farmers market and keep this in the core! Make your voice heard at Saskatoon City Hall. We are not willing to accept that there is no opportunity for there to be six days of programming. Having spoken

to multiple arts, community and culture agencies and staff, this space can be used creatively while still maintaining the Market in its current existence. I am more than happy to link the City of Saskatoon with excellent city planners in other cities if this is an area that is lacking expertise.
